THE STANDARD TABLET & PILL CO.'S Cascara Tablets contain the pure undiluted Extract from three-year-old bark only. Send for a Sample, and notice their exquisite polish and finish.

TEST THEIR SOLUBILITY,

as shown in the illustration above, in comparison with those of any other maker. Our output increases amazingly every month, a good illustration of the law of the survival of the fittest.

WE MOST EMPHATICALLY ASSERT notwithstanding the fact that our price is only one-fourth of that of the makers of branded Tablets who exact a fancy price for their goods, that no purer, more active, or better finished tablets than ours are procurable.

Price List of OWN NAME PACKED GOODS

AT PROTECTED PRICES.

The indicated retail prices are the fixed minimum prices at which these may be sold.

The Goods are not illustrated because a black and white drawing gives no idea of the superb colouring and designs of labels. These quite eclipse any other own name packed goods. The quality is in every case the highest obtainable.

WINDOW DISPLAY.

With orders of sufficient size we give a beautiful cameo in high relief of the head and shoulders of Aphrodite, the Goddess of Beauty. This is an exquisite work of art, and a most attractive and appropriate centre piece for a display of toilet articles. Particulars may be had on application.

We shall be pleased to send specimen labels to any chemist on request.

Chemist's own NAME and ADDRESS on all assorted orders of 3 dozen and upwards, provided not less than half-a-dozen are ordered of any one kind.

THE STANDARD TABLET & PILL CO.
HOVE, England.

We have gone into this business because no firm has hitherto attempted to produce own name goods in a style to compete with the great Parisian Perfumers. Our plans for this new departure have been maturing for many months. Special machinery has been laid down, and we have designed the costliest series of labels ever offered to the trade for own name goods. These preparations are just what are required to eclipse the tastefully got up articles offered by the large company stores.

THE STANDARD TABLET & PILL CO. HOVE.

Our **Otto of Violet Perfume** is extracted in our newly-equipped Perfume Laboratory. A small sample will be sent free on application. After comparison our customers are certain to admit it to be a triumph, because we have exactly caught the real odour of a bunch of freshly-gathered Violets. You will be able to identify it from among a dozen other samples of Violet Perfumes by its being so true to nature. This Extract in a more concentrated form is used throughout our Violet Preparations.

STANDARD BRAND FLEXIBLE CAPSULES

The special features of our Capsules to which we wish to draw attention are: 1.—They are hand-made, which ensures extreme accuracy. No machine-made Capsules can possibly be uniform in size—it is possible to pick out three or four different sizes out of every batch of machine-made Capsules and their contents vary to the same extent. Our Capsules are absolutely uniform in size, and their contents are accurate to the fraction of a minim. Only the finest ingredients are used.

Warning! In probably no article is there so much sophistication as in Sandal Wood Oil Capsules. Insist on the maker giving you an absolute guarantee that they contain nothing but English Distilled Oil without the admixture of any acrid foreign oil whatever and that no diluent such as Castor Oil is used. We give this guarantee. Our Oil is distilled from the Sandal Wood in England, and nothing but this pure undiluted Oil is put into our Capsules.

In all cases Capsules can be supplied in round tins as Fig. 3; Black Card, White edge Boxes as Fig. 1; or flat lacquered, round-cornered, hinged tins, for pocket. Carefully specify which style required	Per 100	Per 1,000	Per Doz. Boxes, containing in each Box, 36 24
